RMISP Students Share Cultural Insights on Local Radio

Two RMISP students, Celestine from France and Timea from Switzerland, recently shared their experiences on the local radio show, *Mornings with Dennis Walker*. Host parents Jeff Crozier and Brittney Boehmer, along with Director Danielle Warren, also participated in the November interview. The conversation focused on comparisons of Canadian and European cultures and the benefits of international education for both students and the host community. Many thanks to Celestine, Timea, Jeff, and Brittney for promoting the program.

GSS & DTSS students gather for a lesson at Kicking Horse Mountain Resort during our program ski/snowboard day in December.
