Clara from Germany wins first semester video contest

Clara, a grade 11 student at Selkirk Secondary School in Kimberley, submitted the winning entry in our first semester video contest. Her video was selected for the high-quality content and the inclusion of a wide variety of homestay, school, community, cultural, and program activities. Clara won a \$250 gift card for her first-place finish.

Clara's winning video can be viewed on RMISP's YouTube Channel at: youtube.com/@RockyMountainISP

North Okanagan-Shuswap host families welcomed to RMISP

Host families in Sicamous, Salmon Arm, Enderby and Armstrong were invited to online information sessions in February to learn more about the new partnership between North Okanagan-Shuswap (School District 83) and the Rocky Mountain International Student Program (School District 6). Through this partnership, RMISP will place about 30 international students in five School District 83 schools in the 2025–26 academic year.

Sandra Rhodes will continue her amazing work as a homestay coordinator and will work closely with the rest of the RMISP team to support students and host families in School District 83.

Sandra is currently recruiting and onboarding new host families in the area to complement her existing roster of enthusiastic, welcoming, and compassionate homestays.

Spring arrives slightly earlier in Salmon Arm compared to RMISP cities situated at higher elevations.
